

Professional Profile

Noel Clifford Gillard FACAP

Noel Gillard presents with 37 years of distinguished ambulance service, contributing high performance in the development of ambulance practice, education and executive management in Tasmania, Queensland and the Capital Territory of Australia.

In addition to his major contribution to the development of ambulance services, ambulance education and the recognition of the Australian Ambulance Officer (Paramedic), Noel has further contributed to our profession through

- His honorary appointments to several professional leader roles within the Australian College of Ambulance Professionals in Tasmania, Queensland and on the National Board of the College and today, is an appointed National Board Director
- His volunteer community service to the development of life saving First Aid practice and training through the St John Ambulance Australia organisation. Noel has served that organisation in various roles and appointments and today, holds the appointment of State Council (Queensland) Member and State Committee Member within both the Operations and the Community Service Branches of the organisation.

The highlights of Noel's contribution to our profession can be summarised as:

- 2004 Selected by the National Board to project manage the "Professional Relationships National Project"
 - 2003 Selected to project manage the establishment of the Queensland Health EMS Co-ordination Centre for Queensland within the QAS
 - 2000 Selected to provide executive officer support and operational policy advice to the State Director of Ambulance Operations, QAS
 - 1998 Appointed the QAS State Manager Multi-casualty Planning Unit, QAS;
 - 1994 Appointed State Manager St John Ambulance Australia (Queensland).
